ABOUT YCET

The Jamwal Group of Education Institutions (JGEI) aims at promotion and advancement of Technical and Professional Educations of highest standard. JGEI was founded in 1993 by Er. Vidhi S. Singh, Chairman cum-Managing Trustee. Due to the overwhelming public support and co-operation of the society, the group has grown over the years and at present is managing many Institutions. Yogananda College of Engineering & Technology (YCET) is among one of the engineering institution under JGEI and is approved /Recognized by AICTE/J&K State Govt. and is affiliated to the University of Jammu.

AIMS AND OBJECTIVES

The International Conference on “Emerging Technologies in Science, Engineering & Management aims to provide a global platform for academicians, researchers, industry professionals, and students to exchange ideas, share research outcomes, and discuss recent advances in emerging technologies. The conference seeks to promote interdisciplinary research and collaboration across various domains of science, engineering & management while highlighting current challenges, innovative solutions, and future trends. The conference objectives include disseminating cutting-edge research and technological developments, bridging the gap between academia and industry, and encouraging innovation-driven and application-oriented research. It also aims to foster national and international collaborations, provide networking opportunities among experts and young researchers, and enhance research skills through keynote lectures, technical sessions, and panel discussions. Additionally, the conference strives to address sustainability, ethical practices, and societal impact of emerging technologies, while identifying research gaps and future directions to support technological advancement and capacity building.

RISET-2026 is the 3rd International Conference on “Emerging Technologies in Science, Engineering & Management to be organized by YCET, Jammu on 24th April, 2026. It is the technical conference where the latest theoretical and technological advances will be presented and discussed. It will provide a forum where researchers can present recent research results, describe emerging technology and new research problems and directions. The conference seeks Contribution presenting novel research results.
